The North American

MEDICO-CHIRURGICAL REVIEW.

The undersigned, having purchased of the late Proprietors their interest in

THE PHILADELPHIA MEDICAL EXAMINER,

a well-known and deservedly popular Journal, for nineteen years an able and independent advocate of scientific medicine; and

THE LOUISVILLE REVIEW,

a medical periodical of more recent origin, but not less highly appreciated by the profession in all parts of the country, on account of its high-toned character and the great value of its Reviews and Original Communications,—the two journals have been combined, and will be issued hereafter under the above title, as a

BI-MONTHLY OF ONE HUNDRED AND NINETY-TWO PAGES,

under the editorial management of Drs. GROSS and RICHARDSON, the late editors of *The Louisville Review.*

The Publishers appeal to the profession in all parts of the country to aid the Editors and themselves in their endeavors to establish a truly

NATIONAL MEDICAL JOURNAL,

upon a sure and independent basis. In evidence of their determination to secure this result, they beg leave to refer to their list of regular contributors, whose well-known names and characters offer a sufficient guarantee that no sectional, clique, or school influence will be represented in the pages of the "Review."

J. B. LIPPINCOTT & Co., Publishers,
Nos. 22 and 24 North Fourth Street, Philadelphia.

TERMS OF SUBSCRIPTION.

FIVE DOLLARS per annum, payable in advance; or SIX DOLLARS at the end of the year. Subscribers who pay in advance will be entitled to receive the Review free of postage from the time that their subscription is received.

Subscribers will please make their remittances, and direct all letters on the *business affairs* of the Review, to the Publishers.

Books for review and Exchange Journals should be sent, *free of expense*, to the North American Medico-Chirurgical Review, to the care of the Publishers.

All communications intended for publication, and letters concerning the Editorial Department, should be directed to S. W. GROSS, M.D., Junior Editor North American Med.-Chir. Review, Philadelphia.

Foreign correspondents will please direct their Exchanges, Books for review, and other Communications, to the care of our Agents in London and Paris.

The Publishers take this opportunity also to state that they are in no way interested in the business matters of either of the predecessors of this Journal. Communications concerning these periodicals should therefore be addressed to their late Proprietors.
